

Contract Name: 8(a) Streamlined Technology Acquisition Resource for Services (STARS) III

Master Contract Number: 47QTCB21D0179

Contracts General Contact: contracts_mgmt@npss-inc.com

Contractor DUNS/UEI Number: DUNS #: 968558226 and UEI #: GF3NMJ8FFSC1

Contractor CAGE Code: 6JQJ6

Overview: 8(a) STARS III, a small business set-aside GWAC, provides flexible access to customized IT solutions from a large, diverse pool of 8(a) industry partners. This next-generation GWAC builds upon the framework of 8(a) STARS II and expands capabilities for emerging technologies and outside the continental United States (OCONUS) requirements.

The 8(a) STARS III GWAC ordering period is a five-year base with one three-year option. This ordering period began on July 2, 2021.

The ceiling for 8(a) STARS III is \$50 billion.

8(a) STARS III allows for fixed price, time and materials, labor-hour or a hybrid blend of these task order types.

The contract access fee for the 8(a) STARS III GWAC is 0.75%, the same as GSA Schedules.

The contract includes two sub-areas, one for emerging technology and one for OCONUS requirements.

Contract Name: Data Analytics Supporting Healthcare (DASH) Blanket Purchase Agreement

Department/Agency: Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS)

Contract Number: 75FCMC22A0007

Contracts General Contact: contracts_mgmt@npss-inc.com

Scope of Work: This \$500M, 5-year DASH BPA contract by the Centers for Medicare and Medicaid Services (CMS) to support CMS healthcare quality initiatives for the Center for Clinical Standards and Quality (CCSQ). CCSQ will procure services over 5 years to support their vision and mission for the development and implementation of a cohesive, CMS-wide approach to measuring and promoting healthcare quality across CMS' strategic programs designed to ensure cost effective, high quality, accessible healthcare for the nation.

Under this contract, Next Phase will perform activities that put patients over paperwork and reduce burden on healthcare providers through the following tasks:

Task Area 1 – Data Management and Governance

- Centralized Data Repository (CDR) Support
- CCSQ Cloud-based Analytics Platform (CAP) Support
- Data-as-a-Service (DaaS) Strategy Support
- Enterprise Data Architecture Management
- Data Governance Support

Task Area 2 – Data Reporting and Analytics

- CCSQ BI Strategy Development & Support
- CCSQ Business Requirements Analysis & Evaluation Support
- CCSQ Data Analysis and Reporting Services Support
- Independent Data Validation Support
- Text Analytics and Natural Language Processing Support
- Machine Learning and Artificial Intelligence Support

Task Area 3 – Coaching and Support Services

- Subject Matter Expertise Support
- Data and Analytics Coaching Services
- Electronic or Class-Based Training Program Support
- Analytic Tool Demonstrations
- Training & Collaboration Repository Support
- Data and Analytic Communications Services
- CCSQ Data and Analytics Community of Practice (COP) Support

Contract Name: GSA Multiple Award Schedule (MAS)

Department/Agency: General Services Administration (GSA). All Departments may place orders through this contract.

Contractor Key Personnel:

- **Contract Administrator:** Laura Suffecool, Phone #: 410-258-2928, Email: contracts_mgmt@npss-inc.com

Overview: *One Acquisition Solution for Integrated Services Plus* (OASIS+) is a suite of government-wide, multi-award contracts designed to support federal agencies' procurement requirements for services-based solutions. This suite of services contracts is available for use by agencies throughout the federal government that hold a Delegation of Procurement Authority (DPA).

Overview: OASIS+ is a collection of multiple-award, Indefinite Delivery, Indefinite Quantity (IDIQ) contracts, of which the contract base period is five (5) years with one (1) option period of five (5) years that may extend the cumulative contract ordering period to 10 years. Task orders can be awarded under OASIS+ any time prior to the expiration of the ordering period of the master contracts. OASIS+ contracts may be used by all federal agencies, including the Department of Defense (DoD) and Federally Funded Research and Development Centers (FFRDCs), but they are not currently open to state and local governments.

Next Phase Capabilities

Management and Advisory Domain: This Domain includes a full range of management and consulting services that can improve a federal agency's performance, its endeavors to meet mission goals, and provide operating advice and assistance on administrative and management issues.

Technical and Engineering Domain: This Domain includes requirements to provide specific engineering, geoscience, or other technical professional skills, such as those performed by engineers, geologists, geophysicists, and technicians, required to handle specific operating conditions and problems for the benefit of the Government. Work under this Domain typically involves the application of physical laws and engineering principles in the design, development, and utilization of machines, materials, instruments, processes, and systems, as well as providing expert advice and assistance on technical functions and issues.

Unique Identification Number (UEI): GF3NMJ8FFSC1

Next Phase does not participate in the GSA SmartPay® program.

Contract Name: Strategic Partners Acquisition Readiness Contract (SPARC) Indefinite Delivery/Indefinite Quantity (IDIQ)

Department/Agency: ALL Department of Health and Human Services Operating Divisions (HHS OPDIVs) may place orders under this contract.

Contract Number: HHSM-500-2017-00042I

Contract Administrator: Laura Suffecool, Email: contracts_mgmt@npss-inc.com, Phone #: 410-258-2928

Scope of Work:

Strategic, technical, and program management advice, guidance and support services to facilitate the modernization of business processes and supporting systems and their operations. These systems will include the Federal Healthcare Exchange and Medicare/Medicaid information technology systems at the Centers for Medicare and Medicaid. **All HHS divisions may order through SPARC.**

Contract Name: National Oceanic and Atmospheric Administration (NOAA) / National Environmental Satellite, Data, and Information Service (NESDIS) Spectrum Reallocation Engineering Studies (SPRES)

Department/Agency: Department of Commerce (DOC)/NOAA

Contract Number: DOCSP133E18CQ0017

SPRES Program Manager: Richard Singer, Email: rsinger@npss-inc.com, Phone #: 443-386-7214

Contract Administrator: Laura Suffecool, Email: contracts_mgmt@npss-inc.com, Phone #: 410-258-2928

Scope of Work: Conduct comprehensive engineering studies of federal and commercial satellite communications systems for the Department of Commerce/National Oceanic and Atmospheric Administration's (DOC/NOAA) office of the National Environmental Satellite Data and Information Systems (NESDIS). The goal of the engineering study is to determine the feasibility of sharing the 1675 – 1680 MHz band between the existing Federal users, consisting of NOAA and a wide range of Federal entities, and commercial carriers operating terrestrial AWS such as Long Term Evolution (LTE) cellular technology. The comprehensive engineering study will provide a range of technical measurements and analysis to enable NOAA to make objective decisions about the ability of NESDIS and NOAA to accommodate spectrum sharing.
